# ONLINE MEETING SOFTWARE FOR ALL YOUR VIDEO CONFERENCING & WEBINAR NEEDS.

Zoho Meeting is a secure online meeting platform and webinar solution that helps people find new ways to collaborate and work remotely with efficacy. Enhance your remote collaboration experience today with our highly secure online meeting software.

## WHY USE ZOHO MEETING?

- Simple to use and easily scalable
- Round the clock support
- Industrial standard security
- Enterprise level experience for all
- Interactive web meeting tools
- Affordable, no hidden pricing structure
- Deep integration with Zoho's ecosystem and other major third-party services

## ONLINE MEETING PLATFORM

### Conduct Video Meetings

Convey ideas better and build trust through video conferencing and audio conferencing. Collaborate and meet online via our secure web meeting software.

### Share Your Screen

Add context to your web conferences by sharing documents and presentations through interactive screen sharing. Collaborate efficiently on your web meetings using whiteboards.

### Record And Share Meetings

Record, replay, and share your web meeting recordings with members who could not make it to your meeting. Also, download your online meetings' recordings for offline use.

### Protect And Moderate Web Meetings

Host secure web conferencing sessions by locking your meetings. Mute and remove participants, if necessary, when they no longer need to be a part of your discussion.

## WEBINAR SOLUTION

### **Broadcast Video Webinars**

Host live video webinars and share multiple video feeds with your audience as you present. Share your screen, an application window, or another monitor's screen to support your presentation. Also, use YouTube livestreaming to reach maximum audience.

### **Customize Emails And Forms**

Customize registration forms, webinar emails, and moderate attendees. Persuade attendees to take action by directing them to any web page you want after a webinar.

### **Interact With Your Audience**

Launch audience polls, answer questions through Q&A, let attendees get your attention through Raise Hand and encourage them to speak and present. Allow to talk and Make presenter.

### **View Webinar Data And Download Reports**

Get comprehensive reports on webinar registrations, attendees, engagement, polls, and Q&As. Download and document your data in XLS and CSV formats.

## ENJOY SECURE WEB MEETING EXPERIENCE

Zoho Meeting is committed to protecting your data and privacy while you conduct online meetings using audio, video, and screen sharing.

Zoho Meeting offers multiple security features to safeguard your web meetings, such as Lock meetings, organization-level video settings, and Entry/Exit notifications. We also encrypt audio, video, and screen sharing to keep your information safe as it travels through the internet.
