# THE BEST PROJECT MANAGEMENT SOFTWARE FOR ANY BUSINESS

Zoho Projects, our cloud-based project management software, helps you plan your projects, track work efficiently, and collaborate with your team, wherever they are.

## STAY SAFE. STAY HOME. STAY PRODUCTIVE.

Plan your projects, closely track your tasks, collaborate with your team efficiently, and finish successful projects like you never even left the office.

## GET WORK DONE ON TIME, ALL THE TIME!

Plan your project activities, assign work, manage resources and collaborate with your team like never before.

## **SEE THE BIG PICTURE WITH GANTT CHARTS**

Use Gantt charts to build your project plan and track your task schedule. Zoho Projects keeps you aware of your critical tasks and their dependencies, and immediately shows any deviations between your planned and actual progress.

## **AUTOMATE TASKS TO SAVE TIME**

Save time on routine tasks. Whether you have a simple process or a complex workflow, our online project management software has a drag-and-drop interface that makes new automations easier to visualize and deploy.

## **LOG EVERY MINUTE WITH TIMESHEETS**

Log billable and non-billable hours with the Projects timesheet module. Record every minute of your hard work, either manually or with timers, and our built-in integration with Zoho Invoice will automatically generate invoices from your timesheets.

## **CUSTOMIZE YOUR EXPERIENCE**

Fully customize your projects to suit your needs. With Zoho Projects, you can create personalized fields, layouts, statuses, and workflows to easily perform tasks specific to your work.

## INTUITIVE UI

Our easy-to-use interface helps you find your way around the product easily with little to no learning curve. Moreover, views are more colorful than ever yet easy on the eyes. Switch between the different color themes or the dark and light modes to suit your mood.

The screenshot displays the Zoho Projects interface in dark mode. On the left is a sidebar with navigation options: Home, Feed, Reports, Calendar, Projects, WORK OVERVIEW, Tasks, Issues, Milestones, Timesheets, Expenses, and RECENT PROJECTS. The main area shows a list of tasks under the 'My Open' filter. The tasks are as follows:

TASK	OWNER	STATUS	Start Date	%COMPLETE	DURATION	PRIORITY	CREATED BY
